

Rescuing & repurposing a historic building as the

# SKY VALLEY ARTS COUNCIL EVENT CENTER

## OPPORTUNITY

Our mission as the Sky Valley Arts Council is to make the Sky Valley stronger economically through a vibrant arts and heritage community. Our valley only 30 miles from a major urban population and within a scenic byway offers natural beauty, unique heritage and friendly communities—the perfect setting for arts & heritage enjoyment & education—and we have the potential for an event center focused on arts and heritage activities right here in the Sky Valley.

## GETTING STARTED

The Sky Valley Arts Council is a federally registered 501(c)3 non profit organization. The acquisition of a Sky Valley Arts Event Center would establish a venue for the rural and dispersed Sky Valley community, would serve as a destination for arts education, would be a magnet for sponsoring events in the valley for the community to enjoy and has the potential to support revenue generating activities and events.
